## CAREGiver of the Year Celebrated

Home Instead Senior Care has awarded its coveted National CAREGiver of the Year award to Perth mother Suzy Roberts. The award recognizes outstanding commitment and service to older adults, clients of Home Instead Senior Care, Australia's trusted non-medical source of companionship and home care for seniors.

Director Martin Warner presented the award at a gala dinner at Sanctuary Cove. "We had wonderful nominations from offices across Australia – with the judges looking for key qualities such as dedication, responsiveness and compassion. The standard of submissions was very high and franchise owners had a tough time choosing from their own fields of outstanding quality CAREGivers. Each office can only nominate one person and testimonials from clients played a big part in helping them decide who to nominate."

"CAREGivers like Suzy are the heart of our business, we have eighteen independently owned and operated franchises in Australia employing over 1000 GAREGivers" said Director Martin Warner "Without dedicated CAREGivers; we couldn't provide the superior quality care services

to seniors that set our organisation apart from others. CAREGivers are the foundation of Home Instead Senior Care and provide the support that helps older adults remain in their homes longer.”

Home Instead Senior Care provides more than 60 different services including companionship, meal preparation, light housework, medication reminders, incidental transportation, errands and shopping.
